

CSCSE List of New Zealand Education Providers as at January 2024

For the convenience of New Zealand education providers, the ENZ China team has downloaded the list of New Zealand providers as at January 2024.

Please visit the CSCSE list for the most up to date listing:

<https://yxcx.cscse.edu.cn/rzyxmd?aisiteOutPageId=515a44d6f5774554a701ff1b20802c0b>

Total: 64

Data timeframe: **28 June 2019 to 28 June 2023**

Note: the order of the institutions is based on the first letter of the institution's Chinese name

Reminder: New Zealand institutions will appear on the new list if a student had a qualification from that institution successfully verified by the Chinese Service Centre for Scholarly Exchange (CSCSE), within the past five years.

Notes around the list:

1. CSCSE only verifies NZ qualifications at NZQF Level 5 and above. For example, a Level 4 certificate does not fall into CSCSE's category for verification.
2. The listing will be updated on an annual basis by CSCSE.
3. CSCSE evaluates each verification application on a case-by-case basis in accordance with the verification policy. The legality of the institution and whether the institution is entitled to confer the qualification are only one of the factors considered by CSCSE.
4. The qualifications and names of foreign institutions may change.
5. The Chinese and foreign names of institutions in the list come from the expressions in the verification result.
4. The scope of acceptance of verification application by CSCSE is not limited to the institutions displayed in this list.
